### Experience

#### Coinbase Wallet Senior Product Designer

DEC 2021 - FEB 2025

- Worked on making CB Wallet the best self-custodian crypto app for the Next Billion Users.
- Worked on hardware wallet support, multi-seed/account support, Smart Wallets (passkeys), MPC wallet, crypto payments initiatives (tap to pay) and more.
- Conducted usability testing and iterated on design solutions based on user feedback.
- Won the internal 2024 hackathon competition for a crypto payments concept. Specifically picked by Brian Armstrong.

#### BRD (Acquired by Coinbase) Product Designer

APR 2021 - DEC 2021

- One of the original crypto wallets.
- Worked on the updated home screen, swapping flows and e-commerce screens. Designed wireframes, prototypes, for both iOS and Android.
- Collaborated with developers to ensure that designs were accurately implemented and met accessibility standards

#### TD Bank Accelerator (UGO) Freelance Product Designer

APR 2021 - DEC 2021

- Worked on stealth projects for TD bank, including a full home finding and mortgage application app, and redesigned an existing gift cards wallet app.
